Explanation & Tutorial

re: Windows 7 Libraries

Think of a library as a virtual collection of folders on your system. It is virtual because it doesn't exist as an actual folder. Deleting any content from a library means deleting it from your hard disk.

Deleting the library itself deletes the library but not the folders and files contained by it.

RECYCLING BRINGS REWARDS

The LVPCUG is receiving rebates for recycling ink cartridges and cell phones. The Recycling Committee urges members to set aside those used ink cartridges and cell phones and bring them to the general meeting. You might also spread the word to family members and friends to save them for you too. There is no cost to the club, only your time in gathering the material and the committee members' time to package it.

If you have any questions, please see Charles Finnilla at the General Meeting on Feb 3 at the West Charleston Library.

Newsletter

The Bytes of Las Vegas is published on a monthly basis.

A PDF version is available to members online at the website.

Information in this newsletter was obtained from sources considered to be reliable.

Accuracy and completeness are not guaranteed.

Deadline for article submission:

15 th of each month to editor@www.lvpcug.org

New! This month's topic will be What's New in Microsoft Office 2010, presented by Wendy Jaroslowski, the club president and former leader of the Office SIG. She'll use the current beta release to show us what to expect when the product reaches store shelves around June of this year.

The president will open the meeting at 6:15PM. Larry Burgher will provide a preliminary presentation of assorted items of interest including how to dissect a phishing email, and may take a few questions as usual if time allows. It's been decided that the traditional break will not occur. The main presentation will begin at 7:00PM.

Discussion of club business, such as the upcoming March election and the need for an election committee will begin around 8PM. Finally, door prizes will be awarded at approximately 8:15, followed by adjournment in time to vacate the auditorium prior to 8:30PM.

- New! Time change for Novice & Internet SIG: The Novice (New Users) & Internet SIG which formerly met at 4:00-6:00 pm on the third Sunday of each month will commence meeting at 1:00-3:00 pm. The location for meeting remains at the Wengert Room of NV Energy at 6226 W Sahara.

- New! Discontinuance of Genealogy SIG: "Sam" Espino-Giordano is retiring from her position as SIG leader. She'll conduct the meetings currently scheduled for January and February, but that will be it. If you would like to keep this valuable SIG going, please consider taking over the job of SIG leader!

- New! Plans for second general meeting delayed: It was previously announced that a second general meeting was planned for the 4th Saturday of each month at the Paseo Verde library, with the first such meeting to have been on January 23, 2010. However, due to difficulties in scheduling presenter, no such meeting will occur in January. Board members are still working diligently to make the second meeting a reality.

- New! Discontinuance of Phone Line: Due to an exceeding low call volume, and as a cost-saving measure, the Board has unanimously decided to discontinue the club's information telephone line.

The General Elections are to be held at the March 3, 2010 meeting.

You still have time to put your name on the list to be a candidate for the elected offices.

Come to the February meeting and let the election committee know what you would like to do to help out the LVPCUG to help to to grow and prosper.

Handy Hints:

This article might not have wide interest because it deals with Solid State Drives with not many people have yet, but they have been getting mentioned more often, including at the last general meeting. It describes a common but little known flaw that causes their performance to degrade and what you can do about it.
