

# The Bytes of Las Vegas

A publication of the Las Vegas Pnow the workshop review you know how like you itemize what we did C Users Group • [www.lvpcug.org](http://www.lvpcug.org)

A can you tell me what date it is like find it might all email repeat finding can you just began a him thank you non profit corporation serving the Las Vegas, Nevada area since 1985

## SIGS (Special Interest Groups)

When you plan to attend a SIG meeting and have specific questions or problems you would like someone to work on or answer, please email us at [info@lvpcug.org](mailto:info@lvpcug.org). This will help assure that we will try to have someone there with the expertise. The email Subject Line: SIG Help

The meeting formats for the Helping Hands & How-to SIGS are usually one-on-one help as compared to the Novice SIG which is group attendance with questions and answers from the audience during and after the presentations.

### SIG'S MEETING CORNER

How-to SIG workshop:

We had two visitors, one joined.

Topics discussed;

1. A laptop with nothing in the browser.
2. A laptop does not recognize a USB external hard drive.
3. A laptop can not get on the internet wirelessly.
4. How to do updates and check to see if there are any more.
5. How to use a tablet with android OS.
6. How to move files, photos, from the C drive to an external hard drive via USB.

Novice SIG meeting:

Topics discussed;

1. Do all smart phones have a AM/FM radio built in them?

2. When you get a call on your land line and your name and number shows in the caller ID it is called spoofing.

3. If you read books on an electronic book reader or a tablet, be aware that you can download books from the library.

4. If you are interested in Windows 10 you can go to APCUG and watch videos on Windows 10 and others.

Election was held.

### **How to Create System Image with Windows 8.1**

**A previous tip showed how to create a system image in Windows 8. In Windows 8.1, Microsoft changed the procedure and made it harder to find. In this tip, I will give the new way to make a system image.**

**As the previous tip described, an obscure feature called "Windows 7 File Recovery" for creating system images was tucked away in Windows 8. That applet is gone from Windows 8.1 but the same functionality is still there with a different name. It is found in the feature called "File History" that was described in this other tip. The function has the new name "System Image Backup" and here are the steps to access it:**
